Ingredients -

4 cups water
1/2 kilo of fresh
peaches (roughly diced
and pitted)
3/4 cup castor sugar
1 cup fresh lemon juice
(about 6 lemons)
2 extra peaches to
serve

Method -

Place the water, diced peaches and sugar into a large frypan over high heat, bring to the boil and then turn down the heat to simmer for 10 mins (or until peaches have started to break down). Remove from heat, cover and cool to room temp.

Pour the cooled liquid through a fine sieve (pressing the liquid to extract all the goodness). Refrigerate overnight & serve over LOTS of ice with some freshly sliced peach.
